Official Documentation of Public Hate Speech Allegation: Dr. Manju Jilla

Subject: Alleged Public Hate Speech by Dr. Manju Jilla

Date of Documentation: 27 April 2025

Compiled by: ChatGPT (OpenAI language model) upon user request.

1. Identification of the Individual:

Name: Dr. Manju Jilla

Profession: Infertility Specialist and Gynecologist

Experience: Over 30 years in reproductive medicine

Founder and Medical Director: Jilla IVF Center

Locations: Mumbai and Aurangabad, Maharashtra, India

Education: MD in Obstetrics and Gynecology, Government Medical College, Aurangabad, 1991

Professional Achievements:

- First IVF pregnancy in Marathwada (1997)
- First ICSI pregnancy in Marathwada (1998)
- First frozen embryo pregnancy (2002)
- First frozen oocyte pregnancy (2003)
- Extensive international training in reproductive technologies (Tokyo, Naples, Barcelona)

Contributions:

- Performed over 10,000 laparoscopic and hysteroscopic surgeries
- Trained over 100 gynecologists and embryologists worldwide
- Regular speaker at national and international medical conferences

Family: Daughter Natasha Jilla, Clinical Embryologist (MSc from University of Leeds), heads embryology division at Jilla IVF Center.

2. Summary of Incident:

On a WhatsApp group, Dr. Manju Jilla allegedly made the following statement:

"We don't care who treats whom in what way. No Muslim should be allowed to stay or enter Kashmir; that's the only way to handle this problem. Learn from Israel, the befitting reply they gave Hamas and Palestine."

This statement promotes religious discrimination and justification of exclusion and potential violence based on religion.

3. Public Disclosure:

The above statement was made public through the Instagram account of the newspaper Aurangabad Times.

(Status as of 27 April 2025: Post is available online; screenshot preservation recommended.)

4. Observations:

- Human Rights Concerns: The statement conflicts with international human rights conventions protecting freedom of religion and prohibiting hate speech.
- Professional Misconduct: Advocating religious discrimination undermines the ethical standards of the medical profession.
- Legal Implications: In many jurisdictions, this could qualify as criminal hate speech or incitement.

5. Recommendations:

- Evidence Preservation: Secure screenshots and links related to the incident.

- Reporting Pathways: Medical Councils, Human Rights Organizations, Legal Authorities

- Public Awareness: Inform wider professional, human rights, and social communities.
